We have several Albemarle County School Buses that enter our neighborhood each day. The middle school bus stop is at the clubhouse. It uses the clubhouse parking lot to turn around. There have been some complaints from neighbors to the board about where and when the bus lets off students. The Foxcroft Board had no authority in this matter. Please call the Albemarle County Transportation Department if you have any questions or complaints about this matter. The safety of our children is the top priority. If you do not know if you should drive by or wait, please keep your car stopped until the bus has discharged all the children and is leaving the neighborhood. The bus driver will, with hand signals let you know if he/she wants you to drive on. Please be patient and wait the extra minute or two if you are unsure of what you should do. Safety First.

The phone number for the Transportation Department is 434-973-5716.

The Jefferson Area Crime Stoppers is a community coalition comprised of area business representatives, community members, and law enforcement representatives.
