

Calendar:

Sunday, September 11-Pool Closing.
Mark your calendar; we will need your help! More details to come.

to our new neighbors:

Geoffrey & Molly Smith, 102 Running Fox Lane (moved in mid-July).

Steve & Luisa Dowd, 1248 Fox Crest Way (moved in mid-July).

Chris & Kasandra Hanna, 1275 Fox Crest Way (moved in end of June).

Watch those children

School will be starting back up in a couple weeks which means kids waiting at bus stops again. Please use extra caution in the mornings and afternoons. Don't assume where a school bus will stop or turns. Don't drive around a bus. Please look to the bus driver for guidance and make eye contact. Always stop for a school bus; it is a state law.

Neighborhood directories.

By now you should have received the 2011 Foxcroft directory. They were given to the block captains to distribute. If you have not received your new directory, contact your block captain or Ida Caramanis 245-0019 or idaona@gmail.com. I would also suggest you check the advertisers in the directory. Because of their ads, we are able to print the directory at no cost to the neighborhood.

Also, some of you may be wondering about the new directory coming out now. The board decided to move the release of the new directory to the summer. Spring is our busiest time of year for home sales, so we wanted to get the new residents in the directory.

Security Cameras

A couple questions came up about the use of security cameras in the pool and clubhouse areas.

Attached is the link to the published guidelines about the use of the cameras. The recordings are only reviewed when there has been an incident, to verify the cameras are working, or to train a new board member.

All recordings are reviewed by a minimum of 2 members of the board, including association manager.
