

September 2011

Calendar:

There will be a neighborhood picnic/BBQ very soon! Details to come!!

Pool closing date is September 11. We need some volunteers to meet at the pool on Sunday, Sept 11 at 1:00 p.m. to put away all the pool furniture and equipment. Please come on down to help out and take one last swim in 2011.

A special word of **thanks to Jason Woodfin and Matt Wood** for coordinating the nightly pool closers for the pool season. We really appreciate their time and effort. Thanks also to everyone who volunteered and took a turn to help out.

Neighborhood work day is September 11. Meet at the clubhouse at 10:00 a.m. We have some sign posts to paint, along with some other fix up projects before heading into the cold weather months. Please come out to help.

New complaint forms and procedures. Based on advice received at an educational meeting for Community Associations, and in light of some of the troubles neighboring Associations have had, the Foxcroft Board of Directors has decided to implement a formal complaint policy and procedure. The goal of the procedure is to clarify the types of complaints appropriately made to the Board, to establish concrete expectations for response and to be sure all residents are aware of their rights. Our community is fortunate to have been well-governed to date, and complaints remain minimal. However, the Board wants to ensure that all residents feel free to make their voice heard if or when a concern arises.

Please see the neighborhood website for more details and the forms.

Sunday September 11 is the 10th anniversary of the 9/11 terrorists attacks in NY, PA, and DC. Please take time to remember the innocent victims and those that gave their lives helping others that day.

Special Thanks!

The ARB would like to thank the following individuals for helping move over 20,000 lbs. of stone. The stone helped to stop the erosion problem that was going on in the common area between Running Fox and Leaping Fox. This is one way we are able to keep dues from rising, with volunteers helping during work parties.
